Dear Hill:

I am returning herewith your Virginia half-pence. It is variety 27-J.

The rust marks on the obverse are so extensive that I have commented upon this matter in the Additions which are about to be published in the Museum Notes.

This rusting took place in a matter of a few months and the dies, therefore, must have been poorly cared for.

Thank you for letting me see this specimen.

Cordially,

Dear Hill:

You were kind enough to show me a group of small scrip notes of the 1790 period and there were many duplicates among them.

I am wondering if I could find some way to acquire, by exchange or purchase, your second best specimen of each variety. Being on the Council, I want the transaction to be completely in the open and will be glad to do whatever is proper. Would you be nice enough to find out what the procedure is?

Kindest regards.

Dear Eric,

Thank you for your letter of the 3rd together with the list you enclosed of your Post Trader, Post Sutler and Indian Trader tokens in your collection.

I have spoken to Dr. Miles today regarding the small scrip notes of the 1790 period and it was decided that duplicates of these notes will be available to you. On your next visit to New York you can select the material and perhaps you will be able to place a fair value on these notes.

Among the tokens which you list are two which are of interest to me, the S.E. Ward Sutler Ft. Laramie 25¢ and the W. A. Carter Post Trader Fort Bridger 25¢. Perhaps there would be something in my collection which might be of interest to you, if you would consider an exchange.

I just wanted to let you know that the exchange for the sixteen pieces of paper money have not been forgotten.

I turned over two nice pieces to you as part of the exchange and want to turn over others. Would it be possible for you to give me a list of the Society's holdings in New Jersey and Virginia paper money?

Kindest personal regards.

Dear Eric,

Thank you for your letter of December 4th. I shall try to send you a listing of the New Jersey and Virginia colonial paper money in our collection. However, I will not be able to list the signature combinations - just the date of issue and the denomination.

Of course, I am still holding the two notes which you left with me on your last visit.

Dear Eric,

I received the 14 notes which you sent to the Society. I have taken the matter up with our Acting Chief Curator, Miss Thompson, and prior to getting her approval for this exchange, we would like to know for our own records the approximate value of the notes in the collection of the American Numismatic Society which you would like to acquire. Since you are the expert in this field, we would appreciate hearing from you.

Dear Hill:

I am no expert in values. I would say that the 16 duplicates in change notes which I would receive from the Society and the 16 notes which I have sent to your society would average about \$20 each. Unfortunately paper money of this early period is usually found in dirty condition if it circulated.

Kindest regards.

Dear Hil,

I expect to be at the Society on Saturday, November 7, and will pick up the change notes from 1790-1800 which the council has approved our borrowing for re-production.

There are a few other items I would like to work on at the time and I presume you will be there.

Sincerely,

Dear Eric,

Please note that I have been authorized to dispose of the two coins of Jamaica - the William Smith penny at \$12.50 and the M. Howard penny at \$5.00. I am sorry to say that Miss Thompson did not feel justified to part with the Mexican pillar dollar with the GR counterstamp. So far as the money tree is concerned, I shall have to wait until some qualified Orientalist can ascertain whether we have a duplicate.

Trusting to hear from you soon, I am with kind regards,

Dear Henry:

I have not forgotten your letter of November 13, 1970 about the Jamaica pieces.

I finally found out that I have a William Smith penny and, therefore, don't need yours. I do not have the M. Howard penny but that is too small an item to make a fuss over for the present.

Would you be nice enough to pass this letter along to Hillel and ask him what duplicates he has of New Jersey change notes of the 1790-1800 period. I believe there were a substantial group from the First Presbyterian Church of Newark and the Borough of Elizabeth, etc. I only want to know about the New Jersey pieces, nothing else.

May I hear from one of you.

Would you be nice enough to put into the hopper, the exchange of the 8 New Jersey small change notes for some of my remaining gold dinars of equal value. This would be a help to me. I believe \$35.00 each would be a reasonable value for these change notes if they are in reasonably decent condition and I suggest that you let Dr. Miles pick out some gold dinars of equivalent value and try to get the matter approved for the next Council meeting. I will appreciate your cooperation.

My best wishes to you for many more Happy New Years to come.

I am returning herewith the one penny New Brunswick change note which you selected in the exchange I made with the Society. Although I realize that it was the best you had in duplicate, it is so weak I would rather have a one penny or two penny of the First Presbyterian Church in Newark, of which you have many duplicates. Please pick me a nice one and send it instead. I believe there is one with the first name of the signature as Elias instead of the initial "E".
